

Love Songs from the Tropic of Nowhere

By Shane Norwood.

Being the true phonetic transcription of the words of Trinidad Joe Dog, who lives in the hills above Port O' Spain, in Trinidad and Tobago, where every day he goes down to the sea to make his living with his hands and his lines, and every night he stabs his dreams to death with a broken rum bottle.

Humpty Dumpty Woman

- *Humpty Dumpty Woman.*
- *John Donne Lie.*
